Mr. Busing, whose case you will recollect, was given over by his physicians, and who himself had lost all hope of ever being permitted to preach again, but who, from the use of your medicine, is so far restored as net only to be able to walk out, but also to preach, made so wonderful an impression on my mind, that after consulting with several friezes and learning that you were a regular Practitioner of Medicine, and that your remedy was not one of those quackish compounds with which the public are so frequently duped—for you must know that I am a mortal enemy to quacks—I called upon know that I am a mortal enemy to quacks—I called upon you and purchased half a dozen bottles, and told you that, if I lived to take them, you should have a good report from

and your Expectorant; and now I come forward cheerinity
to fulfil my promise.

For twenty long years had I been a constant sufferer from
the effects of a hard, dry cough, pain in my breast, and difficulty of breathing; the last five of which, chills and fevers,
every spring and fall, were added to my misery. I was
worn away to a mere skeleton; with the greatest difficulty
only could I get up and down stairs; my appetite was gone,
and my strength had so far failed me that my frieads were
yersuaded I could not survive many weeks, unless I obtain relief. Indeed, sir, my situation was so miserable to
myself and so distressing to my family, that I felt willing to
die whenever it should please the Master to take me home.
But I heard of your medicine, and reflef came. Yes, it
proved the 'Balm of Gilead' to my poor, afflicted body.—
Before I had taked one bottle I experienced a mitigation of
all my symptoms, and, to my great joy, I found in the continued use of it the happiest relief. In short, s.r., it has
made a perfect cure of me, and I can truly say I have no
desire to be better.

Make a perfect cure of the, and I can truly say I have no desire to be better.

Now, I consider it is a duty I owe you, and, through yon, the public, to make my case known, believing that it will be the means of directing hundreds who are afflicted as I have been to the use of a remedy, which, under the blessing

be the means of directing bundreds who are afficted as 1 bave been to the use of a remedy, which, under the blessing of God, I consider to have preserved my life.

You are at liberty, sir, to make use of this letter to your advantage, and make my case as extensively known as you please. If there be any who doubt the truth of the above account, (for I have heard that many persons who have cures to sell forge certificates and publish them.) refer them to me. I shall be happy to see them. and I will not only confirm the above statements, but will give them particulars which it would be unnecessary to furnish for the public press. With everlasting gratitude, I am, dear sir,

PATOTICE TO THE PIRLIC The public

Corner of Chambers st. Price \$1.

NOTICE TO THE PUBLIC.—The public is respectfully reminded that among all the numerous inventions that have been introduced to the world for effectual and permanent cure of Chroniz and Inflammatory Rheumatism, none has been found half so valuable, or so certain in its beneficial operations, as COHEN'S CELE BRATED EMBROCATION. The proprietor, well knowing that no other remedy could be manufactured to equal this, has for a long time ceased to advertise it, during which period hundreds of the afflicted have applied for it, and used it successfully, after the utter failure of the common quack nostrums, which they have been induced to try. The proprietor desires now to inform the public that he has made an arrangement with A. B. & D. SANDS, of No. 79 Fulton-street, corner of Gold-street, by which they have become sole agents for the wholesale and retail sale of the Embrocation, for the city and county of New-York. brocation, for the city and county of New York.

Since the introduction of this remedy to the public, various empiries have palmed upon the country nostrums, and lotions and limiments, and "infallible rheumatic mixtures," all of which are calculated more or less to injure the system,

of which are calculated more or less to injure the system, rather than remove any complaint.

In proof of the estimation in which the Embrocation is held by a respectable men in the medical profession, as well as by the thousands of persons who have been effectually cured of Rheumatism, the proprietor has subjoined letters from a few who are well and popularly known to the entire society in New-York, and whose opinions and professional indepenent are universally esteemed.

Judgement are universally esteemed. NEW-York, August 3, 1838. Dear Sir—Having frequently witnessed the application of your Rheumatic Embrocation, and the beneficial effects arising therefrom, it affords me pleasure to state that I most cheerfully recommend it as an invaluable remedy, and the best known for the cure of that painful and distressing compalint either in its acute or chronic form.

New York, April 25, 1839.
The following is especially recommended to the attention of gentlemen of the Naval and Merchant service.

I, Henry B. Nones, Captain in the United States Revenue Service, in the service of the United States, do certify that I was for five months afflicted with the Inflammatory Bhenmatism, and had tried every remedy by advice of physicans, without any relief—and finally, by advice of Dr. William Rockwell, Health Officer at Quarantine, I applied to Dr. M. B. Cohen, in the month of July, 1837, for a bottle of his Rheumatic Embrocation, and after any weakly use of the specific, was entirely free from pain and able to resume my place in the service.

H. B. NONES, 1st Lieut. U. S. R. S. New-York, August 1, 1837.

Should any person remain sceptical of the virtues of this preparation after perusal of the above testimonials, in order to do away with all suspicious of quackery, we beg to refer to any of the following persons, all of whom have been completely cured of Rheumatism by the use of our Embro-

cation.

of Stores and Merchandise.

It is well known that almost all the losses incurred in the business of insurance, are the result of the burning of valuable stores and costly goods.

This increases the expense of insurance to the householder, and may possibly deprive him of the very security for which he pays his premium.

The cash payments or premiums form a fund, which, after paying expenses and losses, is represented by scrip, and is issued to the assured in proportion to the amount of their insurance.

The farm is well fezced, mostly with stone walls, and well watered with springs, and a running stream through the whole leagth of it. There are two good barns, a cider mill, cow-houses, granery, and other buildings convenient and suitable for such a farm.
